

New UNISON Resource for Schools

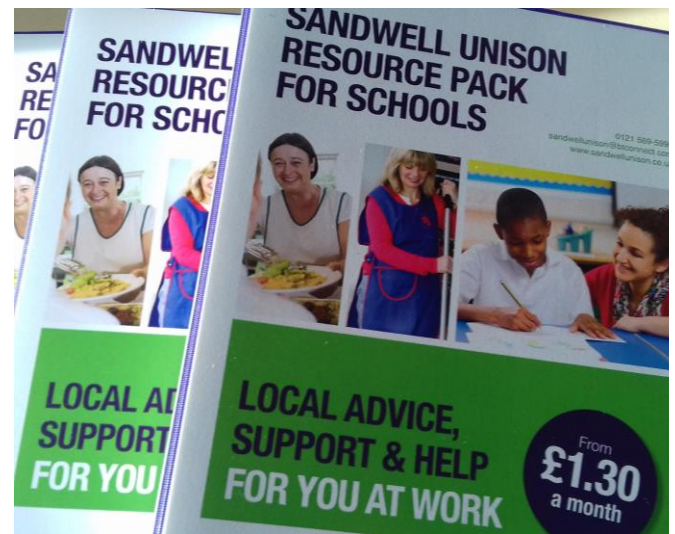

Sandwell UNISON have developed a new resource for school based staff.

All the information you need in school about work and your union branch has been pulled together in one easy purpose designed ring binder folder. This folder will be made available to staff in school staff rooms.

The intention is to update the UNISON folder so the information is up to date. We hope one member of staff in each school will volunteer to be responsible for inserting any new updates. If you would like to volunteer please contact the UNISON Office on 0121 569 5996.

UNISON representatives will be contacting schools to deliver the UNISON information folders during the Autumn term.

Check out the folder when it arrives, you never know what you may learn or find useful to know.

Stars in Our Schools

This annual event highlights and celebrates the vital roles performed by support staff in our schools.

Welcome back after half term

UNISON is the trade union for school support staff and in Sandwell we are the biggest trade union.

The bigger we are the stronger we all are.

Make sure you and your colleagues are part of UNISON. Ask any new staff to join.
